400 W. Capitol, Suite 1200
Little Rock, AR 72201
16% of eligible voters in Arkansas have a disability

—American Community Survey, 2009

the Poll Worker plays a large role
helping citizens access the ballot
table of contents

access
ensure polling site is accessible
be an effective communicator
be familiar with the accessible voting machine

assist
assist voters with all types of needs

accommodate
locate & use election accommodations

resources
Any voter with a disability who informs a poll worker that they are unable to stand in line for extended periods of time shall be entitled to and assisted by a poll worker to advance to the head of the line.

[Arkansas Code Annotated § 7-5-310(c)]
“permission, liberty, or ability to enter, approach, or pass to and from a place or to approach or communicate with a person or thing.”

―Merriam-Webster dictionary
is your polling site accessible?

- Barrier-Free Pathways
- Curb Cuts or Ramps
- Wide Doors & Hallways
- Signs for the Accessible Entrance
- Accessible Parking
poll site accessibility checklist

Parking...
☑ Accessible spaces are close to the entrance.
☑ The passenger drop-off zone is level. (if applicable)
☑ Accessible spaces are marked with signs.
☑ There are enough accessible spaces. (min. 1 van accessible space per every 25 regular spaces)

Walkways are...
☑ Wide enough for a wheelchair or walker. (min. 32 in.)
☑ Free of debris, snow, and ice.
☑ Marked with signs clearly pointing voters to the accessible entrance.

At Check-In...
☑ Magnifying devices and communication boards are out and readily available.
☑ Seating is available for voters who need it while waiting.

Inside the Polling Site...
☑ All doors have levers or push bar handles.
☑ All doors on the accessible route are unlocked and can be opened by the voter.
☑ Accessible pathway inside the polling site is free of hanging or obtruding objects.
☑ Doors, hallways, & the voting areas are wide enough to maneuver a wheelchair.
☑ Temporary ramps are placed in the proper locations and elevators are in working condition.
The voting process can be intimidating, especially because most citizens only vote every two to four years. Understand that you might encounter different communication needs and that, as a poll worker, you must accommodate a voter who needs assistance.
are you an accessible poll worker?
understanding effective voter communication

Depending on his or her disability, a voter may require:

- Assistive Technology (see glossary)
- Pen & Paper
- Lip-reading
- American Sign Language Interpreter
- Communication Board

Remember to be patient:

- Some voters communicate in a way that may be difficult to understand.
- They may require an assistant to help translate.
- Allow voters time to finish their thoughts or actions.
- Repetition may be necessary, for you or the voter.
The voter has the right to be assisted by the person of their choice, who may not comment on or interpret their choices, or by two poll workers, one of whom shall assist with voting, the other shall oversee. Neither shall make a comment or interpretation.

[Arkansas Code Annotated § 7-5-310, 311; 52 U.S.C.A. § 10508]
Make no assumptions
Ask if assistance is needed
Allow space for the voter to speak
Listen
Communicate directly with the voter
Use People First Language
Speak at a normal volume unless otherwise asked
Repeat yourself as often as needed
Open doors
Answer questions
Give directions
Guide a voter around the polling place
Complete voting forms
Adjust voting machine
Activate voting machine accessibility features
Read the ballot for a voter
Mark a voter’s choices
Demonstrate respect
As poll workers, you are responsible for offering assistance to every voter.

Remember:

**Be Respectful**

Voters with disabilities want to be treated the same as everyone else. Show them the same respect you expect to receive.

**Use People First Language**

Always put the person before their disability:

"Person who is blind."

"Voter who uses a wheelchair."

**Address the Voter**

Some voters may have an assistant or an interpreter.

Always look at and speak to the voter, not the assistant.

**Just Ask**

Offer assistance to every voter. However, don’t automatically assist unless the voter clearly needs help or has asked for assistance.

...relax and use common sense
can i assist you?

assisting voters with physical or mobility disabilities

“Yes, I need help…”

Filling out paperwork.

Adjusting the voting machine for my wheelchair.

Removing barriers from my path.

Opening a door.

“No, thank you.”

Respect the voter’s request.

Proceed with voter verification and ballot request.
helpful notes

• When communicating with a voter who uses a wheelchair, give them some space and speak with them at their eye level.

• When helping someone take a step or move, ask which is the best way to do so.

**Important**

Every polling place is required by law to have an accessible voting machine. Make sure you know how to adjust this machine for voters using a wheelchair.

If you do not, ask your **Supervising Election Official**.
can i assist you?
assisting voters with sensory & speech related disabilities

“Yes, I need help…”

Changing the color contrast on the voting machine.

Using the audio headset on the voting machine.

Knowing where to go.

Communicating.

“No, thank you.”

Respect the voter’s request.
Proceed with voter verification and ballot request.
helpful notes

Voters who are Deaf or Hard of Hearing

• Let the voter establish how they want to communicate. Examples include: paper & pen, lip-reading, and sign language.

• Directly face the voter when you speak. Speak normally and respectfully.

• Be prepared to move to a quieter area if necessary.

Voters who have a Visual Disability

• Always verbally identify yourself and others.

• When guiding someone, ask the best way to do so. Describe any obstacles as you approach them.

• Guide Dogs - Do not pet or distract a guide dog. It is responsible for its owner’s safety.
helpful notes

Voters With a Disability That Affects Speech

• Be attentive, patient and always allow the voter to complete their thoughts.

• Repetition is a normal part of conversation. Indicate if you do not understand.

• Voters may use different forms of assistive technology to speak for them or to help them communicate.

Always communicate with the voter, NOT their interpreter or assistant.
Important

Every polling place is required by law to have an accessible voting machine. Make sure you know how to activate the machine and its accessible features.

Accessibility features may include adjustments, audio headset, color contrast, accessible touchpad or swivel dial.
can i assist you?

assisting voters with cognitive & intellectual disabilities

“Yes, I need help…”

Simplifying all the steps to casting a ballot.

Reading the ballot.

“No, thank you.”

Respect the voter’s request.
Proceed with voter verification and ballot request.

Understanding how the voting machine works.

Communicating.
helpful notes

Voters With a Cognitive Disability That Affects Communication

- Keep your communication simple and respectful.
- Stay on point by focusing on one topic at a time.
- Repetition - If appropriate, repeat back any messages to confirm mutual understanding.
- Allow the voter time to respond, ask questions, and clarify your comments.
- Focus on the person, paying attention to any body language or gestures.

Excerpted from Tennessee Disability Coalition; Disability Etiquette: Engaging People with Disabilities
“to give consideration”

“make room for”

“find a suitable fit”

“to provide helpful service as desired or needed”

—Merriam-Webster dictionary
There are many accommodations provided by your Election Office.

You may be familiar with some of them.

Some accommodations for voters with vision loss may include tactile markers on voting machines or materials in large print (if available).

Provide extra seating as needed. Allow those who need assistance to move to the front of the line.
navigate

• Signs & cones to create accessible parking spaces
• Temporary ramps for wheelchair access
• Signs to help mark the accessible path
• Door knob converters (for hard-to-open doors)
• Allowance for voters to move to the front of the line and vote sooner
• Seating for voters who cannot stand for long periods of time
• At least one voting machine that can be adjusted for a voter using a wheelchair

communicate

• Communication board
• Voter-owned communication boxes
• Voter’s choice of companion or assistant to help them communicate
participate: vision & audio aids

• Magnifying lenses
• Signature guides to help voters sign their name
• At least one voting machine in every polling place that offers:
  ...Headphones for voters to hear their ballot
  ...Color contrasts on the voting screen, such as white text on a black background, for voters to read their ballot

other voter accommodations

• Voters may bring completed sample ballots to help remember their selection.
• Voters may request assistance from a poll worker or someone of their choice.
**Accessibility:**
permission, liberty, or ability to enter to and from a place or to approach or communicate with a person or thing

**Accommodations:**
something supplied for convenience or to satisfy a need

**American Sign Language (ASL):**
the primary language of many individuals who are deaf, conveyed by a system of articulated hand gestures in relation to the upper body

**Assistance:**
to give support or aid

**Assistive Technology:**
assistive, adaptive, and rehabilitative devices used to aid people with disabilities in everyday activities such as communication and mobility; e.g. electronic communication devices, voter-owned voice boxes, screen readers for people with vision loss, etc.
Cognitive Disability:
a disability that affects conscious intellectual activity such as thinking, reasoning, or remembering

HAVA:
the Help America Vote Act of 2002; mandates every precinct to have one voting machine that is accessible to people with disabilities, statewide voter registration database, provisional ballots, and a system to check for errors

People First Language:
the practice of referring to the person before their disability
Examples: “Voter with vision loss” “Woman with cerebral palsy” “Man with Down Syndrome” “Someone who uses a wheelchair”

Physical Disability:
a disability that affects mobility in any part of the body

Sensory Disability:
a disability that affects the senses, including vision, hearing, and touch
Arkansas State Capitol Building; Little Rock, AR
“The county boards of election commissioners shall provide voting locations that are accessible to voters with disabilities and shall provide reasonable and adequate methods whereby voters with disabilities may personally and secretly execute their ballots at the polling places.”

“Who are to be the electors of the Federal Representatives?

Not the rich more than the poor;
not the learned more than the ignorant;
not the haughty heirs or distinguished names more than the humble sons of obscure and unpropitious fortune.

The electors are to be the great body of the people of the United States.”

—The Federalist Papers, #57, James Madison
