Whitney and I will meet in the am to continue placement options for ( ).

We also have an active goals for EMCC to assess and minimize peer to peer assault and general retraumatization. In an effort to afford clients a "fun Friday", to enjoy the nice weather and help them burn energy/get exercise, we had extended playground time, with high staff ratio, including

myself and Whitney, unfortunately, we had a few clients attack each other and/or self-injure. Again Whitney and I will process in the am to identify methods to decrease assaults while affording clients structured outside time.
