Notice of Incident

Date of Incident: 2/18/2021
Date Reported to DCCECE: 2/19/2021

Agency Name: Centers - EMAC
Agency Number: 157
Type of Facility: PRTF Facility License Type: Regular

Type of Incident: Other

Incident Description:

EMAC medical team sent IC(IU) to Arkansas Children's Hospital after she reported severe abdominal pain for further evaluation to rule-out serious medical conditions. She was accompanied by EMAC staff to the hospital who remained by her side until her mother was able to travel from Texarkana. The ER physician examined her and admitted her for further evaluation.

Agency's Interim Corrective Action:

On 2-18-21 IC(IU) was admitted at Arkansas Children's Hospital(ACH) and kept overnight for Mesenteric Adenitis, in common terms she had inflammation of the lymph nodes that connects your bowel to the abdominal wall. This is common in children and teens. They kept her and treated the pain. She returned to EMAC Friday around 1:30pm. Saturday IC(IU) spoke with her mother on the phone and stated she was feeling worse, her mother came and took her back to ACH. Diagnosis was unchanged as it was confirmed by CT at initial visit. IC(IU) returned to facility the same day. EMAC medical team are to treat symptoms with Tylenol and Ibuprofen. IC(IU) also has PRN Zofran.
