| Regulation | Discussion/Observation |
|------------|---|
| R908.8 | After reviewing MARs for 4 residents on the West Unit it was discovered that all medications for today were labeled as administered to the patients for the full day including night medications that should be administered at 1900. Nurse reports she has a "bad habit" of pre-filling medication logs when she knows she will be the one administering them in the evening. Specialist advised her that all medications must be documented as administered at the time they are given. Additionally, medications [REDACTED] and [REDACTED] were not initialed or marked as administered to resident [REDACTED] on 8/18/2021. |

Narrative:

Facility reports that they had a resident having flu like symptoms this morning so they conducted a COVID test which returned as positive. They began contact tracking and another 9 residents tested positive so far. A total of 10 residents and 1 staff have tested positive for COVID as of this morning. 1 additional staff is currently off work with COVID.

Discussed updates regarding previous citations during the last visit to the facility.

Due to the outbreak of COVID at the facility the Specialist viewed all bedrooms on East and South unit, but not the North and West as these are the units were residents are currently being held on isolation for positive COVID.

Specialist reviewed 4 MARs of West Unit residents including [REDACTED].

Visit conducted from 12:00-14:00
