## Notice of Incident

**Date of Incident:** 5/22/2022

**Date Reported to DCCECE:** 5/23/2022

**Agency Name:** Elizabeth Mitchell Centers

**Agency Number:** 156

**Type of Facility:** PRTF

**Facility License Type:** Regular

**Type of Incident:** Emergency Room visit

**Incident Description:** On 5/22/2022, at approximately 1543 hours, client [REDACTED] was outside playing when he complained to staff, he was itching all over “really bad.” [REDACTED] was immediately taken inside the building to be assessed by the medical staff. Once inside, [REDACTED] complained of a shortness of breath. [REDACTED] face became very red, and he began to kick his legs and fling his arms. Staff immediately called for MEMS. Staff and medical personnel continued to attempt to calm [REDACTED] and assist him with breathing techniques until MEMS arrived. MEMS arrived on campus and transported [REDACTED] to Arkansas Children’s Hospital (ACH) Emergency Department. ACH medical personnel treated [REDACTED] with (2) two IM EPI injections, (2) two rounds of Albuterol, Benadryl, and a steroid shot. It is believed that [REDACTED] was bitten/stung by something while he was playing outside, causing an allergic reaction. [REDACTED] was admitted to ACH for continued observation and is listed in stable condition. [REDACTED] guardian was notified about this incident. As always, do not hesitate to contact me if you need any additional information.

**Agency’s Interim Corrective Action:** Client transported to ACH via MEMS.
