Date of Incident:8/21/2022

Date Received by DCCECE: 8/22/2022

Facility Name: Perimeter Behavioral of Forrest City

Facility Number: 142

Facility Type: Residential

Incident Type: Licensing

Report Description: Residents Name/DOB: [REDACTED] Date/Time of incident:8/21/2022 12:00pm Please give a description of the incident: Per staff report, The resident noticed the back door to 400-Hall was not closed all the way and exited the hall at 12:00pm, staff [REDACTED] followed the resident immediately as he walked off the hall to the 400-hall courtyard. While in the courtyard the resident attempted to climb the fence between the gym and kitchen back door area to exit the courtyard but was unsuccessful. The resident then went over to fence by the maintenance storage and 400-hall to climb the fence and got onto the roof of the maintenace building. The resident remained in the staff's line of sight while on the roof and staff were able to process with the youth to come off the roof. The resident did not have any injuries noted. Actions Taken: The fence between the maintenance storage building and 400-Hall will be removed on 8/23/2022. Resident has been placed on staff shadow precautions

Interim Action Narrative: The fence between the maintenance storage building and 400 Hall will be removed.

Maltreatment Narrative:

Outcome:

Licensing Narrative: On 8/25/2022, Licensing Specialist Rice viewed camera footage of incident 11:59 am to 12:07 pm for 8/21/2022. Staff was in ratio and resident was supervised the entire time. Staff was observed watching resident as he was walking down the hall. Once outside, staff was observed talking with the resident. and was able to get resident to comply by not climbing the fence. The resident appeared to want to cooperate with staff. When staff approached the resident is when he (resident) climbed another fenced area. The fenced area that resident climbed has been removed. The Director Quality and Risk Management was made aware of metal poking out from the air conditioner vent. Maintenance was made aware and agreed to have it repaired today, 8/25/2022.
