Report Description: [REDACTED] under Kentucky DHS guardianship On Sunday, 10/2 male client was playing on the playground and sliding down the slide. According to the client, he came off the slide wrong and when he landed he bent his pinky finger back. At the time, the client reported no pain, and no injuries were noted. On 10/3 the client told the nurse that he thought he had broken his finger, as the area was bruised so we sent him in for an x-ray. 10/4 we received the results which was a fractured finger. He has an appointment with ortho for continued treatment.
