Report Description: [REDACTED], Guardian: [REDACTED] notified, Police were called: N/A Safety Plans: Suicide Risk, Self-Harm safety plan. report based on nursing note (nurse working the floor at this time) 10/30/22 approximately 0820, resident [REDACTED] became upset while on the unit and ran down the hallway with a piece of clothing and wrapped it around her neck. Staff support was called, and clothing was removed from around her neck promptly. She attempted to find items around the unit to continue to attempt to wrap around neck, but staff was there to hinder her efforts. She attempted to use items from unit to scrape across arm but they were promptly removed from her hands. She used her fingernails to pick at her inner arm while upset. She threw objects from the unit at staff and attempted to hit, kick, and bite staff. De-escalation techniques were used and she was able to calm herself and process why she became upset in the first place. She states she "doesn't want to be here anymore and wants to go home." C-SSRS questionnaire performed, resident continues to score moderate risk. Suicide/self-harm precautions remain in place. Resident remains in paper scrubs for safety. Minimal redness noted on neck from initial item wrapped around neck. Several small "pinch" marks noted on inner arm from fingernails. Slight openings in skin noted on a few areas of inner arms. Those marks were cleaned and Band-Aids applied, no other medical attention needed. Will continue to monitor progression in healing. If you have any questions, please let me know.

Interim Action Narrative: Resident placed on suicide risk and self-harm precaution safety plan. She was placed in a paper gown for safety. Injuries were cleaned and band-aids applied. C-SSRS questionnaire performed and de-escalation techniques were used.
