## Notice of Serious Incident

Date of Incident: 11/7/2022

Date Received by DCCECE: 11/8/2022

Facility Name: Youth Home, Inc.

Facility Number: 128

Facility Type: Residential

Incident Type: Licensing

Report Description: Incident Report for [REDACTED]

[REDACTED] Incident Report date/time: 11/07/2022 3:19pm  
Intervention Types: Personal Restraints, Locked Seclusion  
Incident Description: Excessive Rule Violation, Threat to Safety, Injury to Staff/Authorized Visitor  
Staff Involved: Shelia Glass, Stephen Webb, Justice Taggart, Diana Coleman, Jon Pulliam, Elizabeth Larson-nurse, Matthew Chrysler-nurse, Richelle Kumiyama-nurse  
IR Events Leading: Patient became upset after receiving information from school staff concerning him receiving pause information that he accumulated due to his behavior. Patient began stating that school staff informed him that he could do restorative work. Staff informed patient that he was given the option but that he continued to not follow directions, be disrespectful and argue with staff. Patient then began using profanity towards staff and began beating on staff's desk. Patient then proceeded to wipe pause off the board along with picking up the telephone to make an attempt to call someone. Patient then walked over to the cart where the soap dish was and began to play with the laundry basket top. He continued to use profanity towards staff and state that staff he was tired of staff lying to him. He then threw the laundry top at staff. Patient then threatened staff. Patient then began focusing on one of his peers and attempted to walk towards the patient that was in his room. 3:15pm Personal Restraint: Patient was placed in a personal restraint due to his aggressive and unpredictable behavior. Patient was struggling trying to get out of the restraint. Staff attempted to try to de-escalate patient but patient continued to be escalated. 3:19pm Personal Restraint End: Patient is released from the personal restraint. Patient continues to struggle as staff attempt to place him in locked seclusion. Patient is given verbal to support but continues to struggle. While attempting to place patient in locked staff shut the door on patient's hand, and patient kicked the door while staff's hand was in the way. 3:20pm Locked Seclusion:

Patient is in locked seclusion. Patient is punching, kicking, slapping and elbowing the plexiglass. Patient is yelling to be let out. Staff encourage patient to use coping skills to help calm down. 3:23pm Locked Seclusion: In locked seclusion Pt talking to himself still mad about the reason he received a consequence in the first place. PT continues to minimize his actions and focused on everything except taking responsibility for his actions. PT was encouraged by staff to use his coping skills and try to calm down. 3:25pm Locked Seclusion End: At this time due to patient trying to choke himself locked seclusion was ended to ensure his safety. PT was encouraged by staff to use his coping skills. 3:26pm Personal Restraint: PT had to be personal restrained due to him trying to choke his self. While in the restraint Pt was yelling at staff saying let me go so i can kill myself and too just let me die. PT was encouraged by staff to use his coping skills while dealing with his anger. 3:38pm Personal Restraint End: PT has calmed and began to debrief with staff about the decisions that he made and how he could have handled his anger in a more effective manner. Patient asked to go to the comfort room which was allowed. Patient Debriefing date/time: 11/07/2022 3:40pm Patient talked about he feels like certain kids pick on him and that they think he will not do anything. We talked about how doing the right thing can be hard sometimes and how he could make better choices. Face to Face Nursing Assessment date/time: 11/07/22 3:48pm: Pt was received in the calm down room. Calm, NADN. Pt states that I was placed in a hold. Pt assessed at this time. Pupils equal and reactive to light bilateral. Assessed arms and legs for new injury. Some redness noted to bilateral upper arms. No acute findings to bilateral feet or legs. Asked about pain. Pt states he has a small bruised area on right wrist that was from something else, not the hold, that was painful, rates pain 1/10, small bruise noted to the thumb side of wrist, about dime size and dark gray in color. Denies need for PRN pain relief. Was placed on Eyeball due to suicidal statements during hold and pt refusing to contract to safety at this time. Guardian was notified on 11/07/22 at 3:41pm Injuries to staff or client: Some redness noted to bilateral upper arms. No acute findings to bilateral feet or legs. Asked about pain. Pt states he has a small bruised area on right wrist that was from something else, not the hold, that was painful, rates pain 1/10, small bruise noted to the thumb side of wrist, about dime size and dark gray in color. Follow-up to injury: Denies need for PRN pain relief.
