Licensing Specialist completed a building walkthrough of EMCC from the major leak in the sprinkler system causing water damage to parts of the building.

Licensing Specialist observed blowers, contact workers, baseboards, open ceilings, cords to the different blowers and other machines being used. There were no residents in the area that Licensing Specialist observed. Licensing Specialist observed where residents are sleeping as an alternative due to the water damage. The facility is utilizing the reward room, group room, and a conference room for residents to sleep.

Licensing Specialist was informed of some alternatives until repairs are made. Kenleigh Bennett (Director of Residential and Clinical Services) inquired about utilizing the facility's new dorm and an unused classroom for the residents. Licensing Specialist informed Ms. Bennett to submit their alternative plans via email for approval.

Licensing Specialist and Ms. Bennett discussed how residents have been moved to different locations for safety. Residents were able to process their concerns with staff.
