Date of Incident: 1/14/2023

Date Received by DCCECE: 1/16/2023

Facility Name: Perimeter of the Ozarks

Facility Number: 237

Facility Type: Residential

Incident Type: Licensing

Report Description: Name: [REDACTED], DOB: [REDACTED], Guardian: Corpus Christi, TX (Ward of the state)- notified Precaution safety plan: Self-Harm, for 7 days LOS constant Police were called: N/A Incident : 01/14/23 , at 0945 and 1759 On 1/14/2023 approximately 09:45am resident became overstimulated related to increased sound on the unit from an escalated peer. Resident began to hit her forehead against the wall down the hallway. Resident was not hitting their head hard but repeatedly in the same spot causing a disruption of the already existing wound from previous times. RN approached resident and inquired if this was related to increased volume. Resident shook her head yes and RN provided them with noise canceling headphones. RN took resident off the unit to clean forehead. RN instructed resident to wear noise canceling headphones into the hall way and utilize pop it while cleaning occurred. at 1759: Resident became overstimulated on unit again and began to hit head on wall again. Staff were successful in deescalating him and he ceased the behavior. Residents head was cleaned off. Will continue to monitor for safety. Guardian , therapist and APRN have been notified Related to this occurrence resident will be continuing on self harm precautions for another 7 days.

Interim Action Narrative:

Maltreatment Narrative:

Licensing Narrative: Facility has developed an individualized behavior plan for this resident that includes, recognizing signs and symptoms of escalation, and responding with specific interventions--weighted vest, noise cancelling headphones, pop it toys, and removing from the unit. Only staff who have signed off that they understand her individualized behavior plan are being staffed to work with her 1:1 during times of escalation.
