Interim Action Narrative:

Maltreatment Narrative:

Licensing Narrative: 2/1/23- Program Coordinator spoke to the CEO, Cassie Sowder, and discussed why the incident was reported late to the licensing unit per the current Corrective Action Agreement. The CEO reported that a floor nurse quit without notice so the ADON, who typically reports incidents, had to work the floor and was unable to report the incident in a timely manner. The Program Coordinator informed the CEO that licensing will be

issuing a technical assistance for 109.1.f for all six incidents reported to us on 1/31/23 but moving forward any reports that do not meet the requirements of the corrective action agreement will be cited.
