Program Coordinator completed a review of educational records within the children's records of three residents including [REDACTED], [REDACTED], and [REDACTED]. Records showing the update to IEPs for all three children occurring every 9 weeks were provided to the Program Coordinator.

The Program Coordinator discussed with the Education Director Paulette Cartwright what the facility's process is to ensure each child's IEPs are met and how they provide these documents to other agencies, individuals, and school after the child is discharged.

The Program Coordinator also discussed the facility's current license and capacity for their programs. The facility reports they currently accept up to 52 PRTF children with 15 being out of state only. They can admit up to 14 children into the SRU program. The Program Coordinator discussed how the facility's current licenses only reflects the total capacity for both programs and not individual capacities. The facility CEO reports that she will discuss the desired capacity for each program with upper management and respond to licensing by 4/19/23.
