Licensing Specialist reviewed camera footage for provider reported incident that happened on 2/2/2023.

Licensing Specialist heard staff trying to get resident to comply with taking a time out. Licensing Specialist observed resident going in and out of the game room and slamming the door up against the wall. When resident agreed to take a time out, resident took his arm and knocked over the hygiene container to the floor and walked to the seclusion room.

Resident had his blanket and Licensing Specialist heard staff requested for resident to hand over his blanket. Ratio 2:1, Licensing Specialist observed resident throwing his blanket outside of the seclusion room on the floor. Resident was then placed in locked seclusion. Resident took off what appeared to be sweatshirt and put it around his neck in a resting like position. Resident then appeared to pull the arms of his sweatshirt as though if he was tightening it around his neck.

Staff entered the seclusion room and removed the sweatshirt from the resident's possession. Resident got upset and kicked the door to the seclusion room. Resident removed his t-shirt and rolled the t-shirt up. Resident placed the t-shirt around his neck and tightened it. Staff entered the seclusion room and removed the resident's shirt and watch. Resident slammed the seclusion door and Licensing Specialist heard resident using foul language toward staff.

Licensing Specialist observed resident standing against the wall by the seclusion door with his arms folded while talking with staff. Resident took off one sock, played with the sock, and placed the sock into his mouth. Resident stretched his sock, placed the sock around his neck, and held the sock. Resident removed the his other sock, placed the sock back in his mouth, and took his sock and started rubbing the sock on the door window of the seclusion room.

At one point it appeared that resident could of possibly doing something with his arm. Resident was sitting with his back to the camera so Licensing Specialist was unable to determine what resident was doing, ratio 3:1. Resident threw his sock at the door. Licensing Specialist observed resident walk to the seclusion door and stood. It appeared that resident had his hands in his pants. Licensing Specialist observed resident pulled down his pants. From the way the resident was standing in front of the seclusion door, it appeared that resident was urinating on the floor of the seclusion room. Resident then pulled his pants back up.

Resident pulled down his pants again slaps his butt and began masturbating in front of the seclusion door. Licensing Specialist observed resident jumping around the seclusion room and continued to masturbate. Resident was observed pulling up his pants, sitting in the floor with is head down, with his arms folded. Licensing Specialist was unable to observe what resident was doing while on the floor due to his back being toward the camera. Licensing Specialist heard resident yelling to come out of seclusion.

Licensing Specialist heard staff processing with resident, ratio 1:1. Licensing Specialist observed the nurse return to the seclusion door. The nurse and staff were processing with resident, ration 2:1. Resident was able to contract with staff, locked seclusion ended, and resident went to his room.

Licensing Specialist spoke with Mr. Jon, PRTF Lead Unit Manager. Mr. Jon informed Licensing Specialist that resident is scheduled to be discharged on 2/7/2023. Licensing Specialist did not observed any licensing concerns on camera review.
