Visit Comment :

9/7/2023 - Licensing Specialist [REDACTED] and Program Coordinator [REDACTED] conducted a visit at the facility to review incident report logs, hotline reporting log, fire drill and severe weather log.

Licensing discussed standard 110.17 (what incidents are considered reportable to licensing) with the facility staff including [REDACTED], [REDACTED], and [REDACTED]. The facility explained that the reports we were reviewing were not part of the medical record and instead part of an internal document written directly by the staff involved in the incidents. The final report is then written and stored separately. Licensing requested copies of those reports.

The facility has concerns about what is considered a suicide attempt vs a suicide gesture. The Program Coordinator will seek guidance from upper management and the Child Welfare Agency Review Board on standard 110.17, specifically regarding suicide attempts.
