### Narrative:

On Thursday October 5th I responded to Perimeter of the Ozarks in reference to a fight between two of the residents there. The incident occurred on September 29th at approximately 1100 hours. I spoke with Case Manage Mckenna Sherrill who stated that they conducted an investigation of their own and also notified DHS/CPS since both are in CPS custody.

According to [REDACTED] she was minding her own business when she was attacked by [REDACTED]. She said that [REDACTED] pulled her down to the ground by her hair and began hitting her and grabbed her around the throat before staff intervened and ended the fight. [REDACTED] stated that she did not fight back or attempt to defend herself.

[REDACTED] was not interested in telling her side the story.

There were no visible injuries to [REDACTED].

According to Sherrill they have video of the incident saved if it is needed.

**Description:**

On October 16, 2023, I spoke with McKenna Sherill in regards to the two reports she had filed. There were two separate reports involving 4 different individuals. All individuals involved are in DHS custody and are here from other states. I asked her what the purpose of filing the report was, if it was to document the incident or if it was because the other victim parties wished to pursue charges.

She stated that one victim had no interest in pursuing charges and the report was to document only. She stated that [REDACTED], the victim in one report did wish to press charges. It is unknown if that was communicated to the reporting officer, but no charges were filed at that time. Both [REDACTED] and the victim in her case have since been discharged and have returned back to their home state. With all parties being from out of state and in DHS Custody, I will not be able to speak with them.

At this time, with the suspects and victims no longer being present, their DHS status and the fact that they are juvenile, there is nothing further to be done in these matters. These reports will be forwarded to my supervisor for Inactive Case Status Review.
