Licensing Specialist spoke with Ms. Charlotte Lockhart, CEO, regarding two incidents.

Licensing Specialist reviewed Incident Notification Reports for 10/14/2023 and 11/16/2023. Licensing Specialist received a copy of the nursing assessment for both incidents.

10/14/2023, the doctor was notified of the incident and the resident was assessed/monitored by nursing staff. Resident's vitals were normal, and pain denied at that time.

11/16/2023, staff intervened and cut the zip tie from around the resident's neck. Resident was assessed by nursing and vitals were normal. Redness was observed around the resident's neck area. No swelling, cuts, abrasions, or bruising note by nursing. The resident was placed on self-harm precautions and line of sight supervision. Resident reported that he was not trying to harm himself.

Licensing Specialist observed med pass on Station 1. Nurse Jennifer administered the medication for four residents: [REDACTED] and [REDACTED]. Each resident was called one by one. Nurse Jennifer asked each resident their name and date of birth. Once she verified their information, Nurse Jennifer popped the medication into a cup, and poured a cup of water. Two of the residents Nurse Jennifer took their vitals (blood pressure) due to the medication they are prescribed.

Nurse Jennifer gave each resident their cup of water, took the cup of medication, and she poured the pill into the resident's mouth. The resident then drank the water to swallow the pill. Nurse Jennifer checked each resident's mouth and under their tongue.
