At approx. 2:33 P.M. on 15 December 2023 I, PTL Samuelson, was dispatched to the Perimeter of the Ozarks to speak with 16 year old patient [REDACTED] [REDACTED] said there was an incident in which she was assaulted on Dec 4 (23-78333) and on Dec 10 (23-78341). On Dec 4 [REDACTED] was in the Day Room Green Unit. [REDACTED] and [REDACTED] walked up to [REDACTED] and pulled her hair. They began hitting her in the back of the head and scratching her. I could still see a scratch on her arm and took a photo. [REDACTED] said she was placed in a restraint by staff for fighting, but she was just trying to fight back to get the girls off of her.

[REDACTED] said she requests to press charges. At the time of incident, staff would not allow her to contact police and said they do not need to get involved. She still lives in the same wing as the other girls and sees them on a regular basis.

[REDACTED] also said she feels like she is being denied her rights to access to contact CPS or her advocate.

After speaking to [REDACTED] I met with Sarah Whorton, the Director of Risk and Quality Management ([REDACTED]). An internal report may have been filed on both incidents. She said she would review their documents and video of both events after the weekend. I informed her that [REDACTED] would like to speak to her patient advocate if that can be arranged.

Description:

I, PTL Samuelson, received an e-mail from Sara Whorton [REDACTED] on December 18 with the following statements.

"Results regarding reported incidents:

The first incident actually took place on 12/3/23 not 12/4. We do not have audio, but it can be seen on camera that the two other reported residents did walk up and start hitting [REDACTED] from behind. Staff intervened immediately but both reported residents did get several hits before they were able to be broken up. This took place at 18:28.

The second incident took place on 12/9/23 at 15:47 not on 12/10. [REDACTED] antagonized several residents one after the other for about 10 minutes. The other four did not respond as staff were able to intervene. The reported resident did fight with [REDACTED] after verbal exchange was seen being made on camera. Again, we do not have audio, but the reported resident got up from her chair and hit [REDACTED] which began the fight. Staff were there and broke it up immediately."
