**Report Description:** [REDACTED] was sent to Dallas County Medical Center ER for assessment of possible allergic reaction. Dallas County Medical Center ER assessed, gave benadryl and discharged.

**Interim Action Narrative:**

---

**Maltreatment Narrative:**

---

**Licensing Narrative:** 4/12/24, Licensing Specialist reviewed Provider Reported Incident for licensing concerns. Program Manager emailed the facility to ask if the child was determined to be having an allergic reaction and if so, what to. 4/15/24- Facility stated the following "It was determined that she did have a minor allergic reaction. She did have a rash, but was found to be in no acute distress. Vitals all normal. She was admitted to ER at 1715 and discharged at 1745. The assumption was contact with bananas."
