Little Rock, Arkansas 72201

PLEASE HELP! We need your support to ensure that our legislators are held accountable for the votes they take on Arkansas's future. Your donations help guarantee that the voices of local, grassroots Arkansans are heard by our lawmakers.

Your donations help pay for educating Arkansas on how they can impact the process with resources like this legislative directory. It's generally downloaded and printed thousands of times per session.

Your donations help us engage more Arkansans in the political process.

Your support helps us watchdog the legislature and sift through the thousands of bills that will be filed throughout the session. We educate the public about what will impact them and how they can make a difference, and we expose the attempts to undermine our rights and values when our backs are turned.

You have a whole team of experienced staff and volunteers behind you when you are part of the Citizens First Congress.

Your donations allow us to mobilize thousands of Arkansans to contact their legislators, hold press conferences and rallies that expose bad legislation and build coalitions that protect our values.

We simply cannot do it without you.

Please give today, so we can continue to push our elected officials to prioritize the needs of Arkansas's families. Donate online at www.arpanel.org.

The Arkansas Citizens First Congress is a multi-issue and non-partisan coalition of organizations who work together for progressive change in state policy. Coalition members come from all corners of the state and work on many different issues. At the Arkansas Legislature, the coalition members advocate together on a common agenda. They also watchdog the legislature and advocate against threats to progressive policy.

The Arkansas Public Policy Panel advances social and economic justice through respect for human dignity, diversity, empowerment and an inclusive, fair and transparent political process.

The Panel provides hands-on experience in civic participation by helping community groups organize, create infrastructure, set goals and develop action plans to reach those goals.

ARKANSAS

CITIZENS FIRST CONGRESS

OUR PRIORITIES FOR A BETTER

Arkansas

Long-Term Priorities

End School Paddling
Ban corporal punishment in schools to create a safer, healthier, and more equitable learning environment for students. (Elected in 2024)

Defending Against Tax Cuts
The lowest income people have a tax burden twice as high as the wealthiest and we continue to cut income taxes which mostly benefit the richest Arkansans. We will fight against any additional income tax cuts that benefit the wealthy and corporations. (Elected in 2024)

Climate Change
Will develop legislation to achieve net zero emissions in Arkansas' electric power sector by 2050 or sooner and will focus on waste reduction and energy efficiency. (Elected in 2024)

Empowering Youth and Families at Work Act
Implement a state pay stub law to help employees spot earnings discrepancies, protect themselves from dishonest employers, and avoid retaliation. (Elected in 2022)

Landlord-Tenant Law
Provides for implied residential quality standards which requires landlords to provide an available source of the necessities such as water, electricity, sanitary sewer and plumbing, functioning roof & building envelope, and functioning heating and air conditioning. (Elected in 2024)

Short-Term Priorities

Eliminate Juvenile Fines & Fees
These fines and fees pose a significant financial burden to youth and families and they increase the likelihood of disadvantaged youth being set on the school to prison pipeline. It's time to put pressure on the legislature to eliminate this practice. (Elected in 2024)

Period Poverty
Address period poverty by expanding access to menstruation education, hygiene facilities, and essential period products. (Elected in 2024)

School-Readiness Tax Cuts
The early childhood education system needs help. This tax credit suite will consist of tax credits for families, the workforce, providers and businesses. We believe it will move the needle and improve things because it will impact the whole system. (Elected in 2024)

Divest from Israel Bonds
This bill would divest Arkansas' portfolio of Israel Bonds with hopes of leading to a movement for Palestinian freedom. (Elected in 2024)
